STEDAIR® PREVENT CLEAR

Engineered for breathability, durability, and comfort, RedZone™ hoods offer cutting-edge barrier technology to block harmful particulates while allowing for flexibility and ease of movement. Now available with **StedAir® PREVENT CLEAR** engineered with no intentionally added per-or polyfluorinated substances.

FEATURES AND BENEFITS:

- ▶ **NEW!** First to market with StedAir® PREVENT CLEAR particulate blocking technology with no intentionally added per-or polyfluorinated substances
- ▶ Blocks over 99% of particulates 0.1-1 microns in size throughout the entire hood
- ▶ Air-permeable design to help regulate core temperature and reduce heat stress (THL - 355.8)
- ▶ Streamlined, two-layer construction enhances flexibility, mobility, and unobstructed hearing
- ▶ Universal sizing for a comfortable fit on all head shapes
- ▶ Extended bib design for maximum shoulder and neck coverage that stays in place
- ▶ Ultra-soft, flame-resistant (FR) material provides superior comfort and fire protection (TPP - 23.1)
- ▶ Exceptional durability maintains particulate-blocking effectiveness even after 200 washes
- ▶ Integrated barcode tag labels for easy data tracking and asset management
- ▶ **Available Colors:**
Black: HD395143 & Tan: HD395147

AVAILABLE IN TWO COLOR COMBINATION
