

H.L.T.S.

HOSE LINE TRAINING SYSTEM

One Platform. Endless Scenarios.

There's no substitute for live-fire training. And there's no more versatile live-fire platform than our Hose Line Training System (H.L.T.S.).

The propane-fed system includes a burn tray, pilot module and control console. Thanks to the modular design, you can connect multiple training props directly to the system to create custom scenarios for your team.

Build Critical Skills

Train with real flames, real heat and real hose lines to practice firefighting tactics under pressure.

Train for the Long Haul

Reinforced construction and heavy-duty components let you run years of intense training sessions.

Coach in the Moment

Start, stop and control evolutions to correct techniques on the fly, not after the drill is over.

Maximize Your Investment

Once you own the H.L.T.S., you can add modular props for a fraction of the cost of a new system.

“Houston is one of the largest cities in the country, and we respond to many types of incidents. LION works with us on the design of our hose line training props to help us keep our community safe.”

Michael Mire

Assistant Fire Chief,
Houston Fire Department

H.L.T.S. Hose Line Training System

Taking It to the Next Level

With the core platform in place, you can customize the H.L.T.S. to meet your needs.

FEATURES

Everyday Scenarios

Train on a range of small- and medium-sized props: barbecue grill, dumpster, electric motor, gas meter, paint locker, pipe and valve, propane cylinder, split pipe flange, stove top and trash can.

Advanced Incidents

You also can work on specialized scenarios with our collection of large training props: aircraft wing, fuel spill, helicopter, pressure vessel and vehicle.

Custom Props

Our design team can even create a custom training prop to help you meet your objectives.

COMPONENT		BASE
Pilot Module		✓
Burner Tray		✓
Mobile Control Console with Wired or Wireless Remote		✓
PROPS		
Transport Trailer	Trashcan Prop	
Boil Over	Dumpster Prop	
Barbeque Grill Prop	Gas Meter Prop	
Electric Motor Prop	Pipe and Valve Assembly Prop (Christmas Tree)	
Paint Locker Prop	Propane Cylinder Prop	
Split Pipe Flange Prop	Helicopter Prop	
Stove Prop	Vehicle Prop	
Pressure Vessel Prop		

Ready to Build a Platform That Grows With You?

Visit our website or contact your LION representative to learn how the H.L.T.S. can help your department scale its training program.

Trusted for More than a Century

For more than 125 years, customers have counted on LION as a trusted safety partner. Our innovative training solutions are scalable, easy to deploy and built for real-world challenges—helping keep people and resources safe while preparing fire and safety leaders for whatever comes next.
