R.A.C.E. Station

RESCUE, ALERT, CONFINE AND EXTINGUISH

Put Your Team to the Test

Add realistic sights and sounds to your fire extinguisher training with the R.A.C.E. Station. This system features a phone, pull station, strobe light and alarm to create the pressure of a real emergency.

It connects wirelessly to our BullsEye™ digital extinguisher system to give you the most realistic experience possible.

Taking It to the Next Level

Help teams practice the decisions and actions that happen before an extinguisher is used.

Match Your Facility

Place props near real emergency equipment to reinforce response plans in your building.

Stay Calm Under Pressure

Realistic sights and sounds help trainees stay focused when every second matters.

Take Training Anywhere

The portable design makes it easy for one person to set up, move and reset sessions.

"LION collaborates with us to help design our training, which helps us keep our community safe."

Michael C. Mire
Assistant Fire Chief,
Houston Fire Department
